SPARK™ TRILOGY

Dr. Philippe Van Steenberghe

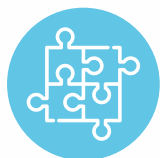

HYBRID LEARNING

Welcome to the Spark Trilogy Series!

In our first webinar, Dr. Philippe Van Steenberghe will introduce the benefits of using Spark Clear Aligners in his orthodontic practice. This webinar will serve as a preparation for an intensive two-day in-person course that will take place in Frankfurt, Germany.

During this intensive course, Dr. Van Steenberghe will guide you through the clinical applications and innovations of Spark Clear Aligners. Subsequent to the in-person course, a interactive webinar will follow as third modul, where he presents complex cases and the secrets of optimising 3D treatment planning with the Spark Approver-Software.

Join us on a transformative journey led by a leading orthodontic expert. Discover how Spark can transform your practice and overcome challenging cases. Save the dates and make sure you don't miss the events with Dr Philippe Van Steenberghe!

TREATMENT PROTOCOLS

TOPICS TO BE COVERED

- › A new world - A new reality
- › The doctor's point of view on what Spark is
- › What is our interest in using Spark?
- › Essential differences with other alternatives

- › What is the place of aligners in our practice?
- › Combine sustainable professional practice with growth?
- › Specificities of surgical cases
- › Finishing, retention, stability
- › Optimized Approver cases

ALIGNER MECHANICS

SPARK™ TRILOGY

ABOUT DR. PHILIPPE VAN STEENBERGHE

With over 33 years of orthodontic experience and a private group practice of 4 practitioners Dr. Philippe Van Steenberghe is a convinced Spark™ user and passionate Ormco speaker. His main arguments for using Spark in his practice are working with the people around Spark, the approver software and the product quality in general.
